

Acknowledgments

I want to express my gratitude to Martin Režný, who developed the draft of the Federation Constitution, and to Steve Vilee, whose tireless work with 6.0 spreadsheets uncovered obstacles to Phase I that have led to the new efficiencies of the 7.0 business plan.

I thank the following individuals and organizations for helping in some way, big or small, to shape the vision and the plan. Inclusion in this list does not imply endorsement of AFFEERCE or any of the ideas presented. All errors are my responsibility alone.
